LOCO ESTATE RESIDENTS CONCERNS IGNORED

When the outline planning application was submitted for the Horwich loco works site, concerns were raised about contamination of the site, these concerns were ignored. This is of great concern to your Lib Dem councillors and also the residents action committee. The application proposes that 1700 houses together with light industry has a potential of an extra 5000+ people and another 2500 cars! Questions have been asked about the infrastructure in the town, will the existing doctors, dentists and schools be able to cope? What will be the impact on our already congested roads? These were some of the questions your Lib Dem councillors raised at the Horwich Town council meeting. They asked for a deferment at the council meeting to get firm answers to these questions. Labour councillors voted for approval and all of the local concerns were brushed aside. Bolton's Labour run council then pushed through the decision and seemed to ignore the problems it will cause Horwich residents.

MILLIONS MORE SPENT ON BOLTON TOWN CENTRE

How much more money will Bolton's Labour run council waste on the Town Centre? They have now spent tens of millions of pounds on doing up Bolton town centre. Perfectly good footpaths around the Marks and Spencer's area have been ripped up and replaced by fancy new footpaths. How many more millions are they spending refurbishing the Town Hall and Albert halls.? Labour bosses seem to find money for these projects but ignore our roads, footpaths, parks and sporting facilities in Horwich. Its one law for Bolton town centre and one for Horwich.

KEEPING YOU INFORMED ON ALL ISSUES

WORKING FOR YOU ALL YEAR ROUND

CLOSURE OF PLAYING FIELDS & SPORTS FACILITIES

Residents have complained to Steve Rock about the lack of sporting provisions in Horwich. There used to be many sports fields and playing fields in Horwich. Land is now being sold off fast and there is now only one football pitch left at Green Lane. This pitch has very poor facilities and is frequently flooded and part of Green Lane may be sold off for further housing. Many sports teams have folded due to the lack of facilities in Horwich depriving our young people of the chance to play sport. Steve has been working for these facilities to be retained and improved. Bolton's Labour councillors are ignoring Horwich once again after announcing massive spending on fields in Bolton, but a small amount in Horwich.

HORWICH COLLEGE

The former Horwich college and the fields around it have been sold off for more housing development of 140 houses. Another example of Horwich being overloaded with no new facilities. With all these new developments taking place, Horwich will have 2000+ new homes with no new facilities. Bolton's Labour council is allowing educational facilities to be taken away from Horwich. Lib Dem councillors will continue to fight for our town.

LABOUR'S SECRET SERVICE

Labour councillors are now using coloured paper at town council meetings. The contents appear to be deemed SECRET and the public will be banned from seeing them. Your Lib Dem councillors believe there is no need for SECRECY at Horwich Town Council and believe decisions should be made in public.
